

OPTIPAY™ RC

BILL VALIDATOR WITH RECYCLING

For the first time, vending machines can now dispense the same bills they are accepting.

The OPTIPAY RC enables your vending machine to become a single cash management system.

- Configures to recycle any designated currency or coupon

- Modular add-on recycling unit

- Last Bill In, First Bill Out

- Auto Feature can deposit bills directly to cash box for collection

- Intelligent LED for easy field diagnosis

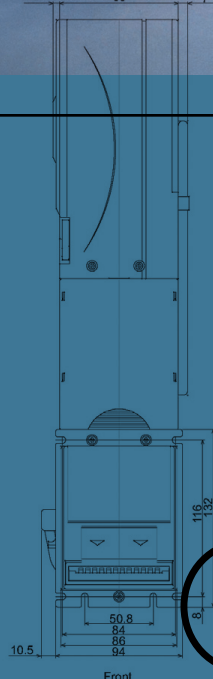

- MDB Plug and Play

- Autoload Feature for quick and easy replenishing of recycler

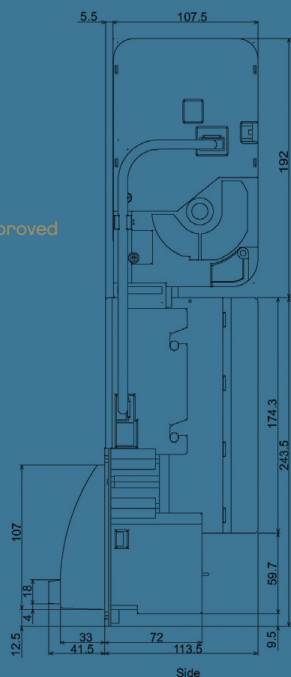

- Exclusive patented technology
